

YAM's social program: where to be, and when

We've decided to make full use of Edinburgh's winter attractions and will head to the Christmas Markets in central Edinburgh following the meeting. You should expect: ice skating, the Edinburgh Wheel, the traditional German Christmas markets, the giant Norwegian Christmas tree, the ethical Christmas market and the Highland village Christmas market.

As some participants might want to head off on their own, or back to their hotels, there will be two meeting times during the evening for YAM participants: at 1930 by the main entrance to the National Galleries, and at 2030 by the Christmas tree at the top of The Mound.

There will be plenty of food and drink available at the markets and, if you prefer to admire the Gardens from afar, in the nearby pubs and restaurants (e.g. Rose St and George St, running parallel to and north of Princes Street).
