

SFN Surgeries

The SFN are running full-day surgeries.

SMEs can book a one-hour meeting to discuss issues, raise queries or seek advice from our panel, consisting of a number of space and satellite industry experts.

The next surgeries will be taking place on 30th October 2020 – to be held remotely.

Topics can include:

- Possible access to finance, including grant finance;
- Regulatory advice (licensing and spectrum);
- Advice as to business opportunities between companies, including with companies outside the space sector;
- The Connect Project, consisting of our BackonBoard Project, Mentoring and Connecting Skills; and
- FDI and growth in the UK.

Several Government departments and Ofcom are supporting this initiative.

To arrange a booking, please contact Joe Butler or Joanne Wheeler:

joe.butler@satellitfinancenetwork.org

joanne.wheeler@satellitfinancenetwork.org

To find out more information about the SFN and keep up to date with forthcoming events, please see our [website](#) and [LinkedIn](#).
